## MANSION HOUSE WAIST FACTORY

Halper and Friedman, Through Hyman Leventhal, Close Long Lease For Part of Famous Old Hostelry.

The Klapper Building Co., of Brooklyn, owners through Hyman Leventhal, of Leventhal Bros., at 288 Wall street, this city, agent, Thursday closed a long lease with Halper & Friedman, 527-29 Broadway, New York city, for the second floor of the Mansion House building, Broadway and West Street. The lessees are a reputable firm of makers of silk and cotton waists for women, their goods being known to the best dealers in that line in the country. Halper & Friedman will convert the floor space into a model factory in compliance with the state factory laws, and install machines for from 300 to 400 employees, both women and young men, for the making of shirt waists. The dining room will be converted into a rest room and recreation room for the employees. Mr. Halper stated that after the work necessary to be done under the factory law and machines placed, help will be engaged and as soon as operations begin the firm will arrange to pay the highest wages paid anywhere to skilled workers in their line of output. Their plant in New York has outgrown the call for their line of goods.

## STATE HIGHWAY BIDS OPENED

## MC CABE REGAINS PRISON JOB

Charles F. McKagan, state superintendent of prisons, Thursday announced the appointment of William A. McCabe, of Poughkeepsie, to the position of confidential agent in the prison department. The position pays \$3,000 a year. The appointment will become effective on June 1. Mr. McCabe succeeds William M. Palmer, who served during both Whitman administrations. Mr. McCabe, who is well known in Kingston, being manager of the Poughkeepsie team in the good old days of Hudson River League baseball, is not unfamiliar with the duties he is about to assume, he having served in the same capacity during the administration of the late Col. Joseph F. Scott, appointed by Governor John A. Dix. Mr. McCabe lost that position when Colonel Scott was removed by Governor Sulzer.

## SITRATE ORDERS.

Orders From Farmers Must be in June 1.

By Telegram to The Freeman.

Washington, May 16.—Farmers who have ordered nitrate of soda from the department of agriculture must have their orders for shipment reach Washington by June 1. It was announced today. All shipping orders received after this date will be cancelled, according to the department's bureau of markets, which states that it is necessary to re-allocate distribution of the nitrate of soda and close the arrangements with the war department through which the nitrate was secured.

## GAVEY AWARDED \$200 DAMAGES

Claimed \$200 From New York Garage in Which His Car Was Stored—Supreme Court Adjourns.

With the reconvening of Supreme court, at 2 o'clock, Thursday afternoon the defense took up its case in the trial of William Gavey, of this city, against Samuel Newman, of New York city. The case involves a suit for \$200 damages which the plaintiff alleges was sustained to his seven passenger car, while in storage in the Theresa garage, owned by Newman, from November 6 to 1918. Testimony was presented by the plaintiff, Thursday morning. Samuel Newman, defendant, called testified that Gavey left his car at the Theresa garage at 4 o'clock on the afternoon of November 6, 1918, and that he requested that it be left on the main floor of the garage saying he expected to take it out in a short time. When Gavey failed to return at midnight, that day, Newman stated that he, with the help of three other men, moved the car to an elevator on which it was taken to the floor below. The car remained there until the morning of November 8th when Gavey came for it. Witness testified that Gavey went down to the basement and that after he had been there for about twenty minutes, he returned to the main floor and said he could not get the car started. According to Newman the car was then moved to the main floor and a mechanic was summoned. The mechanic discovered the crack in the cylinder head. Gavey then accused someone of taking the car out for a joy ride. The car was left at the garage for about three days when it was towed to the Lopes & Condon garage.

According to witness Gavey locked the car before leaving there on November 8th. In testimony given on the plaintiff's side it was stated that the car could not be locked. Asked by his counsel what would cause the cylinder head to crack and the other damage which was given in evidence, witness stated that overheating caused by lack of sufficient water and oil would be sufficient to cause the motor. Newman further testified that in running a distance from Kingston to New York it was necessary to replenish the supply of oil and water.

On cross-examination Newman stated that he employed one day man at the garage and from four to five night men. He also stated that the Gavey car was overhauled when it was first brought to the garage. He denied that it had been taken from his garage during the two days it was in his care.

Testimony was also given by William Flier, Ives Lerch, John Cook and John Ransche, all of New York and all employees of Newman at the time the Gavey car was taken to the Theresa garage. Their testimony was similar to that given by Samuel Newman. All denied that the car had ever been taken from the garage. These men had been in attendance at the garage during the nights of November 6th and 7th. Ransche was the mechanic called to look at Gavey's car when it failed to respond to the self-starter on the morning of November 8th. He claimed that racing the motor or running the motor while the car was standing still, would crack the cylinder and do other serious damage to the motor.

The defense rested shortly before 4:30 o'clock and at 5:15 the jurors retired. The court, instructing the jury, charged the charge to take them to supper if they had not agreed by 7 p. m. They did so shortly 7 o'clock and at 7:50 Justice Howard, who was notified came to the court room.

Clerk Gerold asked the jury if they had agreed on a verdict, and Frank E. Mulford, the foreman, submitted a written verdict signed by all the members in which they stated that they had found for the plaintiff in the sum of \$200. Mr. Newman made a motion that the verdict be set aside on the usual grounds and on questions of law. The court granted thirty days for defendant to submit briefs to plaintiff's attorney, who is allowed ten days to answer, and all the papers are to be sent to Justice Howard. A stay of judgment is granted until after the court decides the matter as to the questions of law, and if motion made is decided against defendant he will be granted sixty days to make a case on appeal.

Justice Howard then discharged the jurors present from further attendance at the court, and said he desired to thank them and the other jurors whom he had hoped to be present for their careful attention to their duties, that they had been faithful in their duties and in all instances had rendered wise verdicts. He instructed the clerk to pay the jurors who were on the jury that reported Wednesday evening, and the jurors of last evening, each one day extra, also the officers who had charge of those jurors.

The May term of the supreme court was then adjourned sine die, considerable business having been transacted in the eight days the court was in session. The jurors set in court, who had been excused until 4:30 Friday morning, were allowed to pay for today, as were all jurors on the panel of Thursday, who were unable to get home last night.

## Takes On New York Avenue.

Recent blights reported to the board of health are as follows: Mr. and Mrs. Edward J. Leach, 300 N. 14th, Newark, Iowa, twins, William and Raymond, Mr. and Mrs. John N. Parke, No. 23 Bridge street, a son, John Edward Parke.

## LEVENTHAL TO BUILD FACTORY

Leventhal Brothers, 288 Wall street, who own the lot with old frame building thereon, at 711 Broadway, have underway plans for the erection of a modern two-story fireproof factory building on the lot, the old structure to be torn down. For sometime there has been a shirt waist factory on the third floor of their store on Wall street, but business is outgrowing the capacity of the plant making it necessary for them to seek another and larger floor space, and they are considering the erection of an up-to-date plant on their Broadway property as a solution of their troubles to keep up with business.

## ONE COCOANUT MUCHROUGHHOUSE

By Telegram to The Freeman.

New York, May 16.—One coconut caused a pitched battle between one hundred sailors and dozens of policemen, which resulted in the arrest of three sailors and many broken heads at Brooklyn police headquarters early today. The police say a sailor took a coconut from a fruit stand, and when the proprietor objected, a crowd of sailors began wrecking his store. Patrolmen marched three "gobs" to the station. Their comrades rallied 100 sailors, who fought their way in to the building and demanded the trio be released. The police summoned reserves and dispersed the rioters.

## AUTO OWNERS PAY MORE TAX

Every automobile owner will pay a largely increased motor vehicle tax, under the provisions of the senate internal affairs committee bill, which was signed Thursday by Governor Smith. The new law will first become operative when the motor vehicle fees are due next February. It bases the new fees upon the horse power and the list price of a car. The measure was strenuously fought by the state automobile association. Under the measure, the lowest fee is the tax on a Ford car of \$7.63, an increase from \$5; and the highest is the tax on a Pierce-Arrow, \$68, an increase of \$65. The measure will increase the state revenues from automobiles about \$2,500,000. The governor signed a companion bill, appropriating \$34,600 for the secretary of state for the administration of the act.

## Information For Lawyers.

The appellate division, third department, will end the present term Monday, after being in session two weeks, when decisions will be handed down and a date set for announcement of other decisions, in cases argued at the present term, some time in July. ## URGE PAPAL PLEA FOR MODERATION

German Bishop Finds New Channel for Protest at Severity of Peace Terms—Bernstein Says Must Sign.

By Telegram to The Freeman.

Berlin, via London, May 16.—Bishop Schmitz, of Paderborn, has appealed to Pope Benedict XV, through Mgr. Pacelli, the papal nuncio to Munich, to intervene with the Entente in an effort to have the peace terms mitigated, it was learned today. The Supreme Evangelical Church Council has asked the ministers to deliver special prayers on Sunday, to strengthen the German people under God's leadership, and if necessary to make sacrifices unto death.

Demonstrations against acceptance of the terms have continued in Berlin and the papers are printing comments. The Socialist organ, Vorwarts, has attempted to open the way to save the government from the onus of signing by declaring that Germany is unable to accept the conditions, nor can she refuse them. Under the present situation, the Vorwarts says, the Germans are obliged to negotiate with President Wilson, and if necessary, submit the treaty to a referendum vote.

The same newspaper quoted President Frederick Ebert as saying that "it is impossible to restore the repose of Europe by forcing the conditions on Germany." To assent, according to Herr Ebert, would be nothing but a lie forced by Germany's desperate plight.

Herr Landsberg, a member of the German peace delegation, who returned to Berlin from Versailles to confer with the ministers, is returning to a seat of the conference tomorrow. He and Herr Grisbert have attended two cabinet meetings since their arrival here. The decisions on the peace rest entirely with the government, said Herr Landsberg.

The purpose of my visit was to hold conferences, Herr Bernstein, writing in the Vorwarts, comes to the defence of the treaty saying that it must be signed and that anything the most of the terms are reasonable.

## VIOLIN WIZARD AT CONCERT HERE

Youthful Miss Crespi, Who Plays With Symphony Orchestra May 26th: A Protege of Rumanian Queen—Now to Become Member of Patron.

Today, in the musical world, the name of Valentina Crespi, brilliant young Italian violinist, is as much one to conjure with as was that of Camillo Ure a few years ago. And it is this famous and charming young virtuoso who is to be the instrumental soloist at the May concert of the Kingston Symphony Orchestra, to be given at the high school auditorium on the afternoon and evening of Monday, May 26.

While born in Italy, Miss Crespi possesses in addition to the Italian musical temperament of her father's people, the more passionate love of music of Rumania, which was her mother's country. Her musical education has been remarkably exacting, including a thorough training at the Royal Conservatoire of Busie in Milan; two years in Paris under Armand Parent; and finally a course of study under the famous master, Yeno Hubay in Budapest. While a special protege of the Queen of Rumania, Miss Crespi has also played before Queen Margherita of Italy.

Though still in her teens before he was, Miss Crespi had gained a remarkable reputation, won from the severest musical critics of England, France, Germany, her beloved Italy and the United States.

In 1914 Miss Crespi was one of the soloists in the great Italian-American Relief Committee "Gala Concert" given under the high patronage of H. M. The Queen of Italy, and under the auspices of their Excellencies, the Italian Ambassador and Countess Dolores Macchi di Cellere for the benefit of the Italian War Sufferers at the Bismarck New York city. At this concert, Enrico Caruso, Luisa Villani, Paquin, Amato sang and Paolo Martucci played.

These few facts will give Kingston music lovers and those of nearby towns and cities some idea of the treat in store for them at this coming Symphony Orchestra Concert, when Miss Crespi will play the beautiful Mendelssohn Concerto with the orchestra.

As many who failed to attend the first concert have expressed the wish to attend this one, special arrangements have been made for them to do so. Those wishing to become honorary sustaining members may do so by sending their names and checks for \$5 to Treasurer Charles R. O'Connor, Rondout National Bank, while those wishing to become patrons should send to their names and checks for \$2.50. If the names are received before Thursday of next week they will be published in the list of honorary subscribing members and patrons in the concert program.

The diagram for the exchange of tickets for the honorary sustaining members will be opened next Tuesday morning at E. Winter's Sons' music store on John street and at the Corbally drug store on the Strand.

## C-5 SUSTAINS LITTLE DAMAGE

According to Wireless From Naval Vessel Which is Towing Manaway Dirigible Back To St. Johns—Steamer Nearly Ran Her Down.

By Telegram to The Freeman.

St. Johns, N. F., May 16.—The prospect that the United States dirigible C-5, would be the first balloon and possibly the first airship, to cross the Atlantic, has received a severe blow. The American destroyer Edwards, which pursued the "Blimp" after she broke from her moorings and drifted out over the ocean last night, reached the dirigible's side early today and is towing her back to this port, according to reports reaching here.

A British steamer is reported to have first sighted the Blimp in the darkness last night. 35 miles off shore. The steamer came upon the drifting gas bag quite unexpectedly, it was reported, and narrowly escaped piercing the bag with her prow.

A wireless from the destroyer Edwards revived the hopes of the dirigible's crew that she will be able to follow the seaplanes to the Azores within a few days. The destroyer reported she found the C-5 only slightly damaged, when she reached her shortly after midnight. The Edwards was due to arrive here before noon with the balloon in tow.

Captain Coyle, of the C-5 revealed for the first time officially today that the jump off had been directed to attempt the trans-Atlantic crossing. The crew were passing through a fog and were cold during the night. They were hungry as the food supply was insufficient.

## 86 WAR BRIDES ON TRANSPORT

By Telegram to The Freeman.

New York, May 16.—Eighty-six war brides were aboard the transport Plattsburg, which docked in Hoboken today with 2,593 persons aboard, the majority of them being men of the 332nd Field artillery regiment, largely draft men from Ohio men. Among the brides were sixty wives of soldiers, thirteen sailors wives and three naval officers wives. There were also ten soldiers and three sailors' children.

There were three convalescent detachments. Forty officers and 1,015 men of the artillery regiment will go to Camp Sherman, 208 men to Camp Taylor, 37 men to Camp Lee, 43 men to Camp Grant and two officers and fifty men; regular army men, to various camps.

The troops were under command of Lieutenant Colonel S. R. Hopkins, of Warsaw, Va., who wore the Croix de Guerre with a star, received for extraordinary bravery in the Meuse fighting. The adjutant of the regulars, Captain George S. Webber, of Greenfield, Mass., Captain Webber said the regiment went to France in May, 1918, and went through the fighting at Verdun and the Argonne, and the French 15th. Five officers and twelve men received the Croix de Guerre for extraordinary bravery.

In the sick bay was Lieutenant Colonel John R. Southan, a contractor of Cleveland, living at Berea, Ohio, who for twenty years was a member of the old fifth regiment, Ohio National Guard, which was transferred to the 145th Infantry regiment, part of the 37th division. He was leading his men in advance at Eysene, Belgium, on November 1, when he was struck by fragments of a high explosive shell. He received nine different wounds, one shattering his left leg above the knee and other fragments hitting his in the right leg, back and arms. In the hospital, he was also operated on ten different times for gall stones. He had a stammer for himself part of the way, but became homesome and insisted upon being quartered with the doughboys. The ship had a stormy voyage, many persons suffering sprained ankles and minor injuries in being tossed about.

## IS SECOND FARRAR

Miss Herbert Hailed as Such By Campanini.

By Telegram to The Freeman.

Paris, May 16.—The discovery of a second Geraldine Farrar, destined to achieve world renown as perhaps the greatest lyrical soprano in America, was announced by Cleopatra Campanini, noted opera director, today. The new opera star is a 19 year old American girl, Evelyn Herbert, of New York. Evelyn Herbert has signed a contract with Campanini. She will make her debut in a new opera, Rip Van Winkle, in which she will have a leading part.

Campanini said he had composed Miss Herbert's debut, until now, because he thought it inadvisable that she sing first in French opera.

## "Tomahawk" White Light Parade.

By Telegram to The Freeman.

New York, May 16.—Broadway was again today over the appearance of a new bedroom farce, opening last night, which has the scene placed at a roadside during a raid, with some women that reminded the first players of the Girl from Rangoon. One critic said the farce portrayed only reasonable farce. Another said it should be kicked off the stage.

## NC'S HOP TODAY FROM TREPASSEY

## SAYS DIRIGIBLE REPORT A HOAX

Chief of Aviation Experts Aboard U. S. Vessel at St. Johns Denies Any News of Missing Dirigible Beyond Fact That She Was Sighted.

By Telegram to The Freeman.

St. Johns, N. F., May 16.—The American dirigible C-5, which broke from its moorings late yesterday and drifted seaward, was still mysteriously missing early today. Lieutenant Litau, chief of the aviation experts aboard the Chicago, denied the Chicago had received a message, saying the "Blimp" had been found by the destroyer Edwards and was being towed to this port. He said the British steamer War Niger, which left St. Johns for Liverpool, yesterday, reported she had sighted the airship on the water 55 miles east of St. Johns last night, but the Edwards, which was sent to the scene, had made no report. The destroyer apparently is still searching for the missing dirigible and the report from some of the naval officers that the C-5 was being here is apparently a hoax.

## 200 NURSES IN THIS HOSPITAL

Miss Clearwater Describes What is Being Done For Returning Disabled Soldiers at Fox Hills, Staten Island.

A recent letter from Miss Helena Clearwater of this city, now in training at U. S. A. General Hospital, No. 41, Fox Hills, Staten Island, gives some glimpses of what the work really is in our army hospitals today. Miss Clearwater says that this hospital is the largest army hospital school. "We now have over 200 nurses here. I heard today that we are to be sent to St. Luke's Hospital, New York city, for special work in July. There are twenty to go. Forty-eight nurses go to Bellevue in June. The ward I am now in is what the boys call the 'Hoof ward.' It is quite wonderful what they are doing for the feet. One case of trench feet had not been up for eight months. This morning he got up on crutches for the first time. He was like a kid with a new toy and just had to be made to go back to bed. We got a lot of new patients from France yesterday. My task is getting some of them ready for examination and treatment. The feet are soaked for ten minutes in normal salt solution, in water just as hot as they can bear it. Then the feet are dried, rubbed with ointment which we have. Next we try to straighten out the toes and then bandage them in place. As soon as they are able to bear it, they are barked by electricity. One of the boys that I have is from Saugerties. I have eight regular patients and two special. All food is sent to us in fireless cookers. Then we set up the trays, for often each one is on a special diet. Then we give baths, make beds, bandages or sometimes do dressing. Usually the surgeon dresses the wounds in the morning, and the chief nurse gives all medication. We never have to scrub floors, clean, wash up rooms or wash windows. We have men to do that. On the ward where I am now, they let me do dressings and give medication, for there are no infectious cases."

This gives one an idea of the care that is being given to our returned wounded men and also of the training which the army nurses are receiving.

SURETY COMPANY IN TEST CASE

Darrow, as Attorney for Owners of Saugerties, Argues Before Appellate Division Question of Liability of Bonding Company to Pay for Labor and Material—Of Wide Interest.

Whether a surety bond is a "sempiternal" or a solemn obligation, binding in all its aspects, was the point raised on Wednesday before the appellate division, third department, by Frederick B. W. Darrow, of Saugerties, counsel for Charles Fomire of the same village, who has appealed from an order of Justice William P. Rudd of Albany dismissing an action to recover for wages against the National Surety Company of New York. The action is being watched with state-wide interest by lawyers, bonding companies, contractors and material men, and is of special importance to the state highway commission. The Fomire action is a test case and is to be treated as such by the appellate division, the justice of that court indicated Wednesday.

Only \$22 is involved in the particular action before the appellate division, but the decision, and a probable future decision by the court of appeals, will be of far-reaching importance. If the court sustains the appeal against Justice Rudd's order, untold thousands of dollars in claims for material, men and workmen against defaulting contractors will have to be paid by the sureties. For this reason the action is being contested from every angle.

Fomire, plaintiff-appellant, is a laborer living in Saugerties, employed during November, 1914, in the construction of a state highway through the village. Wages of \$32.50 and a claim for wages, assigned to him by Frederick Yahneke, another Saugerties laborer, amounting to \$29.42, aggregating \$61.92, with interest, are alleged to be due.

The contractors engaged on the work, Frederick Wagner and George W. Braun, both of Brooklyn, doing business as a partnership, after starting the work, became insolvent. They have since died. The contract later was relet by the state to the Frederick C. Kinney Company, by them assigned to the Rengaw Construction Company, later cancelled and the work completed by the state.

Bond Recognizes Laborer's Rights.

Fomire, through Mr. Darrow, brought action against the surety company for the damages alleged, contending that a specific clause of the contract required the surety to guarantee laborers employed by the insured contractor against loss of wages.

SHADY

Shady, May 13.—The many friends of Mrs. F. W. Burhans, numbering about thirty six, gave her a pleasant surprise on Friday evening last. The evening was spent in singing old time songs, after which a dainty luncheon was served and the guests departing wished their hostess many happy returns of the day.

Mr and Mrs John Harrison, Mrs. Orilla Hummel and Mrs. Bruce Harrick called at the home of Mrs. F. W. Burhans Wednesday evening. The last Red Cross meeting for the season was held May 8, at the home of Mrs. A. W. Cooper. After the work was finished a reception was given Mrs. Cooper by the members of the society. Delicious refreshment were served. The friends departed declaring Mrs. Cooper a royal entertainer.

Ralph Vosburgh of New York spent the week end with his parents, Mr. and Mrs. S. R. Vosburgh.

Mrs. J. B. Hoyt spent Wednesday with her parents, Mr. and Mrs. J. T. Miller.

Mr. and Mrs. George A. Reynolds spent Sunday afternoon with their parents, Mr. and Mrs. J. S. Reynolds. Private Newton W. Reynolds, Company G, 308th Infantry, 77th Division has been honorably discharged from service and is at his home in this place.

LYONSVILLE

Lyonville, May 15.—Friend E. Wilkison, of Whitfield, spent the week end at the home of his uncle, George H. Greene.

Japheth Christiansa, who has been ill, is much improved in health.

Archie Trowbridge has a cow and calf for sale.

Benjamin Davis and others are busy bailing hay in this place on the farm of the late Theophilus Greene.

The dance at the home of Harvey Connor was well attended.

Mrs. James H. Christiansa has returned to her home from Kingston for a few days.

Some of our farmers are not through sowing oats.

Leonard Wynkoop spent Tuesday out of town.

Rae Davis and mother spent Monday in Kingston.

ASHOKAN.

Ashokan, May 15.—Vance Hogan of Kingston who has been working for George Barclay returned home where he has employment.

Clyde Winchell has been spending some time at home.

Hollis Moe has the chicken pox. Pink eye and chicken pox have been in the school this spring.

John Rutherford has been helping Leo Barclay load his board.

The rainy weather has caused the farmers to be late getting in oats in this section. The apple trees have an abundance of blossoms which the recent cold weather did not seem to affect.

There will be meeting at the Old School Baptist Church, May 18th at 10:30 a. m. and 2 p. m.

Care of Undergrowth.

Charles is a great factor in their right direction. An undergrowth, merely damp should be spread and left until dry, while a very wet one should be cut to drain first, handle downward, and spread for the final drying.

COUNTY OF ULSTER, N. Y.

BY VIRTUE of an Execution issued out of the Supreme Court of the State of New York, to me directed and delivered, upon the goods and chattels, lands and tenements of Jerry Lane and wife, I have called and taken all the right, title and interest of said defendants in and to the following described property, to-wit:

Jerry Lane Property.

ALL THAT TRACT OR PARCELS OF LAND, situate in the town of Lloyd, in the County of Ulster and in the State of New York, and bounded and described as follows:

BEHAVING at a point the same being the Northwest corner of the lands of Charles Simpson and thence running along the line of said Charles Simpson and Charles Simpson, Jr., 222 feet, thence in an Easterly direction through lands of Thomas Lane 75 feet, thence in a Southerly direction through lands of Thomas Lane 22 feet, thence in a Westerly direction along the line of lands of Charles Simpson 22 feet to the place of beginning.

THE above described lands are made out to Thomas Lane by deed recorded in Ulster County Clerk's office in Liber 22 of Deeds at 1000.

MURAD THE TURKISH CIGARETTE

If you said it wasn't a Murad, I would know you were only joking—one can't mistake them—for Murads are 100% pure Turkish tobacco—the world's most famous tobacco for cigarettes.

Murads have that old-fashioned Turkish taste—and upon my word, I never bought as good a Turkish cigarette at Cairo or Constantinople.

It is true that "ordinary" cigarettes cost a trifle less.

Assured Daddy.

John is having some difficulty in settling upon the proper title for her father. The other day when she was playing with one of the dolls when she was ill. Just then she heard him coming upstairs, and running to the top step called in distressed tones: "Oh, Daddy, I have some my brother's collar!"

Some Story.

Said the mournful man, "Somebody, somewhere, somehow will get an inspiration and in the fervor of the hour will write a chunk of the word, doesn't contain the word 'word', doesn't refer to the domain and domain of life and excludes all persons with double endings."

Carnal Fish.

Many fresh-water fish copy the sole and turn cannibal. Pike are the worst in this respect but trout have similar habits. Almost every pool in a broad lake has its cannibal which accounts daily for half a dozen of its younger brethren.

## FLUME AND NEW ORLEANS.

The New York World compares the Jugo-Slav need of Flume as a sea outlet to the infant American republic's need of New Orleans before the days of railroads when it was naturally expected that the bulk of this country's produce would have to be floated down the Mississippi for distribution at home and shipment abroad, the latter shipments going out through a foreign and possibly a hostile port. Whatever may be said of this parallel in its bearing on the just disposition of Flume, it is interesting to recall that the possession of New Orleans and the Louisiana territory in the days of Thomas Jefferson when railroads were unheard of was regarded as necessary for both our commerce and our national safety. For after acquiring from Spain our vast middle western region and calling it Louisiana, Napoleon is known to have planned in 1803 to extend his already vast holdings at the expense of the young American republic and to send an army to New Orleans for that purpose.

President Jefferson promptly took steps to defeat this scheme, his policy taking the shrewd form of the purchase of the Louisiana territory. He not only began negotiations through our minister at Paris but conferred with the British government, Napoleon's enemy, through our minister at London. Assured of British support, Jefferson is said to have boldly threatened Napoleon with the English fleet. According to the accounts of the episode, it was this that brought him to terms and induced him to sell us the Louisiana territory for \$12,000,000. "It is worth while to sell when you can what you are certain to lose," Napoleon has been quoted as saying, after admitting that, though invincible on land, it would be useless for France to try conclusions with the British and American fleets combined.

With the coming of summer the question of early closing of stores and half holidays for various business enterprises again presents itself. Herebefore an unsystematic hit-or-miss policy has been pursued in Kingston, under which out of town customers never knew when they would find various stores open for business and a shopping trip was often a failure because some one or the other of the business houses the customer desired to visit would be closed while others were open, but would close early on a different date. A system, or lack of system, by which several trips have to be made in order to avoid finding stores closed is not conducive to the growth of business and tends to keep prospective buyers away from the city. In view of the brilliant success of Dress Up Week, which was due to united effort, it would seem that our merchants might work out some plan for the summer early closing that would be uniform and could be widely advertised and easily remembered, so that shoppers need not be disappointed. Getting together for uniform, cooperative action for the benefit of the whole town has paid in the past, in the all too rare instances in which it has been tried, so why not try it again?

"Monk" Eastman, former burglar and jail-bird, has been formally restored to citizenship by the governor of New York on account of his good war record. It seems that Eastman proved to be exceptionally brave and efficient on the firing line as well as honest and faithful in his war service generally. All this is interesting, but it would be of further interest to know how Eastman got into the army, inasmuch as men carrying prison-discharge papers as well as jail-birds were supposed to be barred.

Germany will sign because it knows that otherwise all commercial relations with that country will be cut off, the consequences to follow being such as its people cannot contemplate with fortitude. The Germans delighted in the infliction of suffering upon others, but they cannot stand suffering themselves. That is why they "quit cold" as our soldiers put it—as soon as they faced the unpleasantness of the armed invasion of their territory.

Reports from Switzerland indicate that in Swiss opinion Germany is so weak that to say what is demanded by the

peace terms. It seems this judgment of the Swiss is influenced by the spectacle in their midst of a multitude of dancing, card-playing, joy-hunting Germans with money to burn.

## VETERANS PASS TROOPERS' TEST

Twenty-Night, Including Kingston Men, Qualify For Places In State Constabulary.

Twenty-eight candidates, the majority of them recently discharged from the United States army, were successful in recent examinations for enlistment in the state troopers, according to announcement by Major George F. Chandler, superintendent of state police. Among them were two men from Kingston and one from Rosendale. The examination was for the purpose of creating an eligible list for appointment to the state troopers. The ranks are now full.

Successful candidates included Peter J. Moran, 59 Sheridan avenue, and George H. Knapp, 86 Orange street, Albany; Ernest H. Meyer, 172 Fourth street, and Edward W. Case, 182 First street, Troy; John H. Lockhart, Rochester; William J. Shults, Buffalo; Bert J. Barry, Glens Falls; William T. Hawkins, Rhinebeck; Howard E. ## LITTLE LAUGHS.

"Yes," said Mrs. Blunderby, "my nephew is home again, and you should just see his collection of mementums of the war."—Boston Transcript.

Crawford—"Since he became a magnate his expenses are enormous. Grabshaw—"No wonder. He hires a doctor to keep him out of bed and a lawyer to keep him out of jail."—Life.

Church—"I see my neighbor has got a three-thousand-dollar car." Gotham—"Where did he get it?" "The car?" "No, the three thousand dollars?" "Oh, he hasn't got that yet."—Yonkers Statesman.

Close Friend—"I hear your husband has cases enough to keep him busy for two years." Lawyer's Wife—"Two years? My dear, don't tell a soul, but he's got enough in the cellar to keep him as busy as he usually is for the rest of his life!"—Buffalo Express.

"My wife hates darning and mending." "So does mine. Just now I can't even get her to patch up a quarrel."—Boston Transcript.

"Can you really tell anything about the future?" "Oh, yes," said the fortune teller. "I know, for instance, that my landlord ain't going to get his rent for next month."—Kansas City Journal.

Johnny came home from Sunday school quite thrilled by the lesson. "It was all about the Midnight," he said. "The what?" asked his father. "Teacher told us how Gideon fought the Midnights, and knocked the daylight out of 'em in no time."—Boston Transcript.

Mrs. Flatbush: "So this is the new baby?" Mr. Bensonhurst: "Yes, that's our new little angel." "Who does the dear take after?" "Oh, her mother. The likeness is very striking." "I can't see it." "Well, watch her awhile and you'll see she keeps her mouth going all the time without saying anything."—Yonkers Statesman.

## Better styles than ever before

Copyright 1919 Hart Schaffner &amp; Marx

THIS season everyone wants style. It's only natural; we've all had a big job on our hands; saving, military service; didn't have much time to think of style.

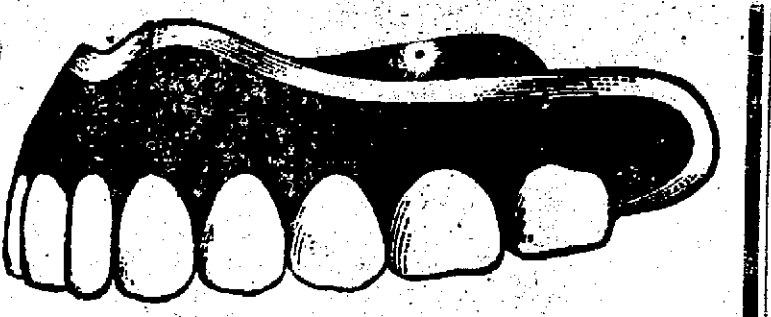

Now it's all over; the boys are coming back; everybody's happy; they want clothes that express their spirits—and we've got them; that's our job, to see that you get the best, authentic ideas.

Hart Schaffner & Marx waist-seam suits are the best styles going.

They give one the military bearing; chest-out; trim waist; there are variations for every taste.

## "DIRECT BITE TEETH"

After years of experimenting our laboratories have discovered a direct bite set of artificial teeth. These plates improve the sense of taste and insure perfect enunciation and articulation. The teeth absolutely cannot be discerned from natural teeth. These teeth because of the direct bite have three times the biting strength of ordinary plates. Are you now wearing artificial teeth? If so, we strongly advise you to call and investigate this new plate.

## KINGSTON POINT OPENS MAY 30

Kingston Point Park will officially open for the season on Memorial Day, May 30, under the auspices of the board of public works. The grass and shrubs have been trimmed and the buildings freshened with paint for the opening. Muller's Band will furnish musical programs throughout the summer, both afternoon and evenings. The playground for the children is also being gotten in shape, and it is expected that the park will have one of the most successful seasons in its history.

### MILTON.

Milton, May 16.—William B. Elmer, a former resident of Milton, late of Cornwall, was buried in the M. E. Cemetery last Friday.

Joseph Spratt, of Camp Merritt, was home recently on a short furlough.

Mrs. Deborah DeGraff, who spent some days at her home here, returned to Brooklyn Saturday.

A goodly number attended the concert at the M. E. Church last Friday evening, even though the weather was unpleasant. Rev. and Miss Scofield and Miss Ethel Wilkoff filled the places of Mrs. Ford and Mrs. Blakeley on the program. The former had been so unfortunate as to have run a machine needle through the finger she used most in violin playing. The latter had sprained her ankle only a few days before. Also Edward McManus was not able to take his part owing to the rules of the union, of which he is a member. Notwithstanding these accidents the concert was a success both by way of entertainment and from the financial standpoint, the sum of \$26.60 being taken in. The little banner boys were favorites with their comrades. Miss Wilkoff was a student of music at Vassar College and rendered fine selections in a very skillful manner. Marguerite Clark was very entertaining in "Bob's Diary" and Fatty Arbuckle caused much merriment. Even though the weather was still rather bad, the hall was nearly filled.

Miss Mae Lee Brice of New York city, who spent last week end at Twin Birches, went home on Sunday. Curtis W. Northrip, of the 305th E. A., 77th division, was expected home last Saturday, but because of illness, having an attack of tonsillitis, while on a short furlough at the home of his sister in New York city, he was detained several days, with the consent of the army physician, and was consequently delayed after returning to camp for physical examination and the signing of necessary papers. On account of this illness he was unable to parade with the 77th division on Tuesday last.

C. M. Woolsey witnessed the parade in New York city on the 6th inst. Edward Thielle, Jr. was among those who attended a dance at Vassar on Friday evening.

P. Terwilliger and family of Highland were among the out of

town people at the concert on Friday evening last.

Mrs. M. A. Northrip was in New York city a few days this week. A man was sent by the Easy Organ Co. and repaired the M. E. pipe organ on Wednesday.

Mrs. Frank Cosman of Middlehope called on Mrs. C. S. Northrip on Wednesday.

There will be a meeting held by the Home Bureau Association at the Community House on Tuesday, May 20th, at 8 p. m. Mrs. Dimmock, of Ithaca, a specialist, will speak on "Nutrition." Come out and learn how to keep well, by dieting on special ailments.

Mrs. Louise Skidmore, who has ill, is now better.

Mrs. George Scott has also been ill.

The Ulster County W. C. T. U. fold an institute in the Presbyterian Church on May 22nd. Morning session at 9 o'clock and afternoon session at 2 o'clock. Miss Lillian M. Phelps of Niagara Falls, speaker.

The Ladies' Needle Craft of the Presbyterian Church will hold a strawberry festival and supper in the Sunday school rooms of the church on Friday, May 23, from 5 to 8 p. m. Come and eat delicious strawberries.

Mrs. Frank Cosman, with two women friends, were in Milton on Wednesday afternoon selling the little book called "World Peace—In the Light of Bible Prophecy," published in the Review and Herald Association, Washington, D. C. This is a wonderfully timely book, containing much study and Bible research.

Friday evening, May 23rd, the Epworth League will hold a dollar social at the home of Miss Rachel Clarke. Each member is asked to earn a dollar, tell in a rhyme how they earned it. The league members have been divided into two sides, with Mrs. Warren and Miss Rachel Clarke as captains. The losing side will serve refreshments and furnish entertainment for the evening. All are welcome. Any who are not league members or have not earned their dollar will be admitted for 25 cents.

Services on Sunday next, May 18th, in the M. E. Church. Sunday school at 10 a. m. Morning worship at 11 o'clock. Every member of the Sunday school is requested to be present. The Rev. D. N. F. Blakeney will be pleased to see every member of the church and congregation, also any who will come and so get acquainted with the new minister.

A reception will be held for the Rev. and Mrs. Blakeney at the home of Mr. and Mrs. R. M. Rowd on Friday evening.

Law and the Successful Life. There is something servile in the habit of seeking after a law which we may obey. We may study the law of matter and for our convenience, but a successful life knows no law.—Thoreau.

We have a good selection of Art Pictures for living room, hall and dining room, at moderate prices, at the Columbia Shop, 273 Fair street.—Advertisement.

## WILL DISCUSS CITY PROBLEMS

Financing Schools, Taxes, and Municipal Health Among Subjects To Come Before Mayors Of State At Schenectady.

Telegraph to The Freeman.

Schenectady, May 16.—Six big city problems will be considered by the New York State Conference of Mayors and other city officials at its annual meeting to be held here on June 10, 11 and 12. As this is the tenth anniversary of the cities' organization plans have been completed to make the program and the entertainment more attractive than usual.

Three sessions will be held on each day with the exception of the last when the officials will be entertained by the city during the afternoon. At the opening session Mayor Walter R. Stone of Syracuse, president of the conference, will discuss the progress that the cities have made during the last year and the problems they are facing. This promises to be an address of importance as the cities are anxious to know what suggestions the conference has for the solution of several unusually vexing problems which affect all the cities, such as limiting the expenditures of cities, financing the public schools, making the tax system more equitable and the activities of municipal employees in advocating laws which increase the cost of government.

Municipal health problems will be discussed at the afternoon session. Dr. Charles C. Dwyer of the State Department of Health will present the results of the work he has been doing this year in scoring city health departments.

City tax and revenue problems will be considered at the evening session. Senator Frederick M. Davenport will confer with the officials about the work the joint committee of the legislature on taxation will do this year.

On the second day the officials will discuss the various plans which have been suggested for the solution of the traction problems in the cities of the state. A symposium on problems which the various cities have under consideration will be held in the afternoon.

Schenectady will entertain the officials at a dinner in the evening at which the speakers will be Senator Clayton R. Lusk, of Cortland, and Governor Alfred E. Smith. Senator Lusk, who is chairman of the joint committee of the legislature now investigating seditious activities in this state, has been asked to tell the cities how they can help the state to stamp out Bolshevism. Governor Smith will discuss "The State and Its Municipalities."

Suggestions to insure the collection of delinquent taxes will be discussed at the last session. The discussion will be led by Mayor William J. Wallin of Yonkers. The City Clerks Association will meet here at the same time. Plans have been made for both organizations to hold three joint sessions.

Three scrubbing brushes nailed in a box so the brushes will rub both sides and the sole of the shoe when the foot is drawn through the contrivance will be a work-saver for the farm women these days—if she can get the men folks to use it when they come in from the fields.

Traps, May 15.—Eli Addis of Minnewaska is confined to his home with pneumonia. Dr. Fuller of Kerhonkson is attending him.

Mr. Addis is improving very slowly. We all hope he will soon recover.

Miss M. A. Brooks, the school teacher, spent Saturday and Sunday at Newburgh.

Mr. and Mrs. Russell Decker of Minnewaska called on Mr. and Mrs. Miles Decker Sunday.

Jason Decker made a business trip to Kingston last Saturday.

Mrs. John Davenport is not very well at this writing.

Mr. and Mrs. Frank Lawson and Mr. and Mrs. James Bunting and son, Herbert, have gone back to Detroit, Mich.

Mr. and Mrs. James Mack and family are expecting to move in the Minnewaska farm house.

Howard Decker is sawing wood for Leon Davis.

Miss Myrtle Otis visited the school Monday.

Oscar Smith spent Saturday with Mr. and Mrs. George Smith.

**Benefactor of Men.**  
The New York Sun's appreciation of the late Dr. Mary Walker contains this tribute: "One debt of gratitude men owe Doctor Walker which they ought not to forget. She was the inventor of the inside neckband on shirts which protects the flesh from being rubbed by the collar button."—Outlook.

## HERE AND THERE ABOUT THE TOWN

The Stroller Hears Prospects Of Ever Seeing the Sleightaburgh Bridge Built Discussed—Always the Unexpected That Happens.

"Well, I see where they are making another survey for the Sleightaburgh bridge," remarked the customer as he entered the barber shop for a chat.

"I was thinking it was about time to draw up new plans and specifications," replied the busy barber, "and that couldn't be done without having a survey made first."

"What's the idea, anyway?" asked the customer.

"Well," replied the barber, in a judicial voice, "your guess is as good as mine."

"Maybe," retorted the customer, "but what is yours?"

"Every time a survey is made and new plans drawn," replied the barber, "it means that money must be expended, for you can't have work done for nothing, especially work for the state or a municipality."

"You said something," interrupted the customer.

"And now that we have had a change of administration," continued the barber, "it seems to me that it would be hardly fair from a Democratic standpoint to allow any work to go ahead without expending some preliminary money on it and hence the survey and the new plans."

"How much do you suppose is expended that way?" asked the customer. "What I mean," he added, "is the amount it costs to have new plans and specifications drawn up?"

"As I am not an expert, along those lines," replied the barber with a grin, "I can't say, but guessing at it I would not be surprised if it costs in the neighborhood of \$25,000."

"That's a tidy sum," commented the customer.

"I would not mind having the spending of it myself," said the barber, "and to my mind it would not be a bad idea to hang a service flag on the present bridge abutments."

"What for?" asked the customer astonished.

"So we could place a star on it every time new plans were drawn," explained the barber.

"Maybe that is why the governor vetoed the barge canal terminal bill," said the customer thoughtfully.

"How is that?" asked the barber. "To save the money to help pay for drawing bridge plans," replied the customer.

### OFFER REWARD FOR MRS. VALLI

The family of Mrs. Elizabeth Valli, the woman who has been missing from her home back of West Park since Monday, offer a reward for discovering her whereabouts. Sheriff Smith was there Thursday and states the family do not think she is in Black Pond near the Valli home, as she always was afraid of the water in the pond. They think that she has wandered away into the woods and has laid down, being 76 years of age, or else has been taken in by some family who cannot understand her, Mrs. Valli being unable to speak English.

### CHAUFFEURS' EXAMS

Grow Increasingly Strict—Examiner Here May 29.  
By Telegram to The Freeman.  
Albany, May 16.—(Special).—Of the 80 or more persons who will try chauffeurs' examinations in Hudson, Kingston and Poughkeepsie, the last of this month, fully a third are men who have recently left the service and who believe that good wages and out door employment can be found in driving a car. There is a big demand for chauffeurs for trucks and the lighter type of commercial motor vehicles.

Secretary of State Hugo has arranged for a chauffeurs' examination at Hudson on May 28; at Kingston on May 29, at the city hall at 12:30 o'clock, while the third examination in Poughkeepsie will take place on May 31 at 9:30 o'clock at the court house. Up to the present time 32 persons have filed applications which will permit them taking the test at Kingston.  
"There is one thing," said Mr. Hugo recently, "which intending chauffeurs should bear in mind. We do not intend to license any one who cannot demonstrate his ability to drive a car in a way that would not imperil others whom they might meet on the road. Intending chauffeurs should not present themselves before the examiner until such time as they are thoroughly conversant with the car which they intend to drive."

### British Dirigible May Win.

By Telegram to The Freeman.  
Atlantic City, N. J., May 16.—The accident to the American dirigible makes it appear possible that the giant British dirigible, R-34, may win the honor of being first to cross the Atlantic. Reports reached the Pan-American aeronautic congress, in session here, that the R-34, which is nearly three times the size of the C-5, probably will advance her scheduled time of departure and start very soon. Arrangements for housing her are being made at Cape May.

We have a complete assortment of Columbia Graphophones and Record Cabinets in mahogany and oak finish. Columbia Shop, 273 Fair street.—Advertisement.

# HAD THE FLU? IF SO READ THIS

Tuberculosis Has Frequently Followed the Disease and a Famous Scientist Will Be Here May 20th To Examine Without Cost All Who Desire—Special Word To Doctors.

Perhaps you think that you haven't time to read this article, but just as surely as you had the influenza the past year, you should take time to read it and then do a little sensible thinking that you may do some equally sensible acting. It has been found in a great many cases, the influenza has been followed with a marked tendency toward tuberculosis, which fact—if you please, not medical fact—is true all over the country, and doubtless is therefore true of Ulster county. Now don't exclaim, "Oh, I haven't got anything like that," until you are sure for one of the characteristics of this deadly disease is the hopelessness of the patient who never admits to him or herself that he or she has any such thing the matter with them.

And it will be rather unwise to hide behind the thought that if you did have any such trouble your family physician would have told you. Now it is nothing against the skill or interest in you, of your family doctor if he has not told you any such unpleasant truth. It is a well recognized fact, that to diagnose a case of tuberculosis early enough to put a stop to the disease in time, without failure, requires special expert training, and the average good physician is so busy caring for all of his patients that he has no time to acquire this expert knowledge. Furthermore you may not have been to him of late, even though you are thinner than usual, get dead tired without any cause, and have lost your ambition beyond what is usually laid to "spring fever."

All of which leads up to the information that on Tuesday of next week, May 20, there will be held at the Kingston City Laboratory, in the Ulster County Building, on the corner of Crown and John streets, a clinic, or meeting where all persons in Kingston who had the influenza and are not quite as well as usual, may go and have an examination without its costing them anything.

And what is more, the examination will be made, probably, by the famous S. Adolphus Knopf, M. D., of New York city, recently returned from France, where he was with the world celebrated tuberculosis commission.

May be Life Saver.

How do you know that this visit which you can make without its being any expense to you, may be the means of saving your life? Why take any chance?

If There is a T. B. Patient in Family If you have a tuberculosis patient in your family, every other member, especially the children in the family, should go or be taken to this clinic, in order to know for a certainty that they are not becoming infected from the person already sick, even though that person may be so far as they know, exceedingly careful.

Does Throat or Lungs Bother You?

If you have trouble with your throat, or a heavy feeling in your lungs, or occasional pains, even though you do not cough, it would be the part of wisdom to call at the clinic and see what this great expert on tuberculosis says is the cause of the trouble.

Referred Back to Own Physician To go to this clinic does not mean any disloyalty to your family physician at all, for if the diagnosis made at the clinic shows that you need treatment or watching, etc., you will at once be referred back to your own doctor for the same.

Special Word to Doctors. All of you Kingston doctors are especially invited to bring any of your suspicious cases to the clinic at the laboratory on Tuesday of next week, not alone for the sake of your patient—which would be reason enough you will say—but in order that you may yourself take advantage of observing an exceptionally noted tuberculosis diagnostician at his difficult task. For every up-to-date doctor knows that much, as he wants to, and hard as he tries, many times a case which shows no warning signs outwardly, may be getting a dangerous hold upon a human being, without any one guessing that fact. If all physicians throughout the country could learn this delicate and difficult lesson of the accurate and sure diagnosis of incipient tuberculosis, the disease would, in an amazingly short time, become as rare as small pox or any other contagious disease long since under control.

Dates of County Clinics.

Not only in Kingston but throughout Ulster county tuberculosis clinics will be held this month and in June, the dates and places being as follows:

May 16th—Saugerties, for the town and village of Saugerties.  
May 20th—Kingston City.  
May 23rd—Pine for the towns of Shandaken and Hardenbergh.  
May 27th, a. m.—Rosendale, for the town and village of Rosendale and the village of Rifton.  
May 27th, p. m.—Stone Ridge, for the town of Marbletown.  
May 28th or 29th—Woodstock, for the town of Woodstock.  
June 5th—New Paltz, for the town and village of New Paltz.  
June 6th—Highland, for the town of Lilyd; town and village of Marlborough and the south half of the town of Esopus.  
June 12th—Walkkill, for the towns of Shawangunk, Gardiner and Plattetkill.

## OUR DAILY PATTERN.

2578—Just the Frock For Gingham, Calico, Serge, Satin or Velvet.

When all is said and done, the one-piece dresses are very comfortable and practical, in many ways than one. In the design here portrayed you have simple lines, and a development that is most easy. In khaki with white pique, or brown crash for trimming, or in blue serge checked or plaid suit, this will be nice.

The pattern is cut in 4 sizes: 6, 8, 10 and 12 years. Size 8 requires 1 1/4 yards of 36-inch material. A pattern of this illustration mailed to any address on receipt of 10 cents in silver or stamps by the Pattern Department, The Freeman, Rondout, N. Y. Be sure to state size wanted.

## Catalogue Notice.

Send 10 cents in silver or stamps for our UP-TO-DATE SPRING AND SUMMER CATALOGUE, 1919, containing 350 designs of Ladies', Misses' and Children's Patterns, a CONCISE AND COMPREHENSIVE ARTICLE ON DRESSMAKING, ALSO SOME POINTS FOR THE NEEDLE (illustrating 30 of the various, simple stitches), all valuable hints to the home dressmaker.

You can obtain a strong and attractive second album for the production and classification of your records at the Columbia Shop, 222 Fair street. Advertisement.

## MISS WRENTMORE WEDS HARRISON

Forty-Six-Year-Old Governor Of Philippines and 18-Year-Old School Girl Married in Chicago. Former Kingstonian Officiating.

By Telegram to The Freeman, Chicago, May 16.—Governor Francis Burton Harrison, of the Philippines, and his bride, formerly Miss Elizabeth Wrentmore, daughter of Dean Clarence E. Wrentmore, of the University of Manila, who were married at the Blackstone Hotel here last night, will probably start today on a motor honeymoon to Washington and the New England states.

Both the governor and his pretty young bride refused to discuss plans for the future today, beyond saying they probably would start on their honeymoon today and would sail for the Philippines in the early autumn. Divorce proceedings, parental objections, diphtheria perils and disparity of ages, the governor is 46, are forgotten today—for it is said, the bride's mother now enroute to the Philippines, witnessed her blessings.

Miss Wrentmore met Governor Harrison a year ago in the Islands. Mrs. Wrentmore is said to have objected when her daughter confessed to more than a passing interest in the dashing governor. Miss Wrentmore and her daughter returned to California, but Miss Wrentmore took a university course her mother started for the Philippines. Then Miss Wrentmore hurried to Washington. Shortly after she left the university, several cases of diphtheria were reported in the institution. Health physicians at Washington were notified to watch for Miss Wrentmore. She arrived in Chicago several days ago, and was met at the station by Governor Harrison. Several health department officials were also on hand. The governor and the bride were hurried to the city hall, where several throat cultures were taken and she was finally said to be free of danger.

Yesterday Governor Harrison received word from California that a decree had been entered in the divorce proceedings started by Mrs. Harrison No. 2. Shortly after this message was received, the Rev. Johnston Myers was summoned and Miss Wrentmore became Mrs. Harrison.

Ensign George Wrentmore represented the Wrentmore family at the ceremony. Governor Harrison's first wife was killed in an automobile accident in 1908.

Rev. Johnston Myers, formerly of Kingston, being a son of the late Abram Myers who resided on Down street, pastor of the Immanuel Baptist Church of Chicago, officiated Thursday evening at 6 o'clock at the marriage of Francis Burton Harrison, governor general of the Philippines, aged 46, to Miss Elizabeth Wrentmore, of Berkeley, Cal., aged 18, at the Blackstone Hotel, Chicago.

### Insects in Glacier

For people know that in the glaciers of the western national parks, there are great numbers of insects. They are harder to see than the scorpions and the snakes. Slender, dark brown worms live in countless millions in the surface ice. Microscopic, transparent plants also thrive in each and every crevice that they fill the surface here and there.

### Anglo-Saxons

The Angles, or Saxons, were a people once located in a part of the world now known as Schleswig-Holstein and who accompanied or immediately followed the Saxons into England. The Angles are believed to have been the more warlike race, for they occupied the larger portion of Britain, and they gave their name to the land, for out of their name came the word Anglo-Saxons.

### Tail of the Fox

One of the most notable features of the fox is his large and massive tail. It is quite as conspicuous as his body, and so far as appearing a burden, seems to contribute to his lightness and buoyancy. It supports the outline of his movements, and appears as continuous to the eye the ease and grace of his carriage.

## Pearl Long Valued as Jewel.

The word "Magnet" is derived from the name of the city of Magnesia, in Asia Minor, where the properties of the lodestone are said to have been discovered.

The pearl is the only jewel worn as nature formed it. All the precious stones—diamonds, rubies, emeralds and the rest—have to be cut before they can be worn. But the pearl is worn just as it is taken from the oyster shell. It is among the most ancient of jewels.

## WALKER VALLEY.

Walker Valley, May 16.—H. W. Eckert took in the Tank parade at Middletown.

Rev. A. G. Tallon of Rosario, Argentine Republic, connected with the Eastern South American Conference preached at the Walker Valley M. E. Church Sunday, it being the first time for him to speak in a Methodist Episcopal Church. Rev. Tallon said it would be a memory not to be forgotten by him and those who heard Rev. Tallon Sunday will surely remember him.

Otto R. Jacobson of the 11th Engineers, Co. C, has returned from overseas and is visiting his parents here. His sister, Mrs. M. Jacobson DeWitt went to meet him and took in the parade, also other points of interest.

Mr. Ellis who has been very sick is home with his folks to recuperate. E. Rose and son, George, are on a visit here.

At the school meeting Tuesday evening officers were elected as follows: Trustee, C. F. Keller; clerk, Thomas Mance; collector, Louis Weed.

Our school teacher, Mrs. Raymond Kirby, has resigned her position as teacher of Walker Valley school.

Mrs. Lillian Cox, who has been engaged in hospital work all winter is back with us in the Valley. We are all glad to see her.

Miss Katherine Beckman of White Plains visited her sister, Mrs. J. Joerger who is stopping at Mrs. C. F. Keller's.

Mrs. Mould of Ellenville is the guest of Mrs. G. N. Evans.

Next Sunday in Walker Valley M. E. Church a pastor from India will preach the sermon.

Copenhagen, May 16.—The Finnish anti-Bolshevik army has reached the gateway of Petrograd in its advance on the former Russian capital, said a dispatch to the Politiken today. The Bolshevik forces are evacuating the city and the main Bolshevik army is retiring also.

### RAISE STEAMER RATES.

N. Y. and Catskill Company's Petition Approved.  
By Telegram to The Freeman.  
Washington, May 16.—The interstate commerce commission today approved the petition of the New York and Catskill Steamboat Company, asking for increased rates for landings along the Hudson river.

## OJMS AND ENDS.

Field Court is being top dressed.  
Prospect street is being oiled by the Board of Public Works.

The usual circus day drunks were not seen on the streets Thursday night, and the police did not find it necessary to make any arrests.

I. O. Feldstein, having been called out of town by reason of illness, his tailor shop, Broadway and St. James street, will be closed on Saturday.

David Kantrowitz, manager of the "Big Little Store," a popular retail clothing house at 42 North Front street, has purchased a five passenger Crow touring car.

William G. Johnston, the downtown awning maker, replaced the awnings on the Eagle Hotel porch this morning. The work was done under the supervision of Grant Johnston, manager of the firm.

The Keeney Theater on Wall street played to record breaking crowds yesterday when Mary Pickford's screen version of "Daddy Long Legs"

was shown, people being turned away. The photo play is being shown again today.

### BIG HIGHWAY CONTRACT

DeGraff & Hogeboom to Build Road in Hamilton County.

DeGraff & Hogeboom, Inc., of this city have been awarded the contract by the state highway department to build 6.82 miles of state road in Hamilton county, for \$160,000.

They were also awarded the contract Thursday to rebuild three miles of road between Slate Hill and Greenville, Orange county, for \$33,532. They were also the only bidders on the Rosendale village state road, 3.17 miles long, for \$70,101.40. The firm expects to begin work on these contracts immediately.

### Jury Drawing Saturday.

A panel of trial jurors will be drawn at the county clerk's office on Saturday morning to attend a term of county court to convene at the court house on Monday afternoon, June 2, at 2 o'clock, Judge Fowler, presiding. There will be no grand jury in attendance.

### GERMANIAS COMING.

Rondout Social Mannerchor to Entertain Poughkeepsie Singers.

The Germania Singing Society, 60 strong of Poughkeepsie, will motor to Kingston Sunday morning and be entertained by the Rondout Social Mannerchor. The local singing organization is planning to entertain the visitors at a banquet at noon to be followed by a songfest at the rooms. The guests before returning to Poughkeepsie will also be entertained at supper here.

### British Airmen in No Hurry.

By Telegram to The Freeman.  
St. Johns, N. F., May 16.—Both British aviators, encamped near here, declared today that weather conditions are not favorable for a start in the trans-Atlantic flight and they will not make the attempt within 24 hours.

### Rumania's View.

By Telegram to The Freeman.  
Bern, May 16.—"Rumania considers the peace terms as less severe than conditions they sought," said a statement issued by the Rumanian press today.

### Albany Plumbers Raised.

The plumbers strike in Albany is ended, the men having accepted an increase in wages of 10 cents an hour. They demanded 90 cents but compromised on 80 cents per hour.

### Equal to the Occasion.

"Speaking of accommodating hotel managers," said a traveler, "the best I ever met was in a provincial town. I reached the hotel late in the evening. Just before I retired I heard a scampering under the bed, and saw a couple of large rats just escaping. I at once complained at the office. The manager was as serene as a summer breeze. 'I'll fix that all right, sir,' he said. 'Boots! Take a cat to room 12 at once!'"

### This Dog Small Boy's Friend.

A pupil in one of the Rufford (Me.) grade schools failed to come to school and when the truant officer called to learn the reason, he was told that the dog had run off with the small boy's knickerbocker, which had been put in their usual place the night before, and which could not be located until time to attend the afternoon session.

### New Water Power.

A new use of ocean water power has been perfected by an Englishman. He catches water when the tide rises and makes it operate turbine engines when the tide falls. Thus he obtains a perpetual water power, as the tide always ebbs and flows.

As he walked, all the time looking up at the sky, he said to himself: "Oh, how much wiser am I than most men. All the secrets of the stars are known to me. I read them at other men's heads." Thus speaking, he came to a well, but, being too busy gazing at his own cleverness to notice it, he tripped and fell to headlong, and there he lay to stay until his servant, hearing his cries, came and pulled him out.—Aesop's Fables.  Carrying Cocon to the Coast. An interesting spectacle in the African Gold Coast country is the transport of cocon, the bulk of the island produce being carried by porters to the railways. Sometimes the porters are as fat as the egg and are one long line of green bags on the heads of hundreds of porters.	<b>OVER THE BACK FENCE</b>  "The given matter." "What's wrong?" "The thing's worse than to be in it."

## STATE INCOME TAX COLLECTION

Comptroller Travis Ready to Take  
Toll of All Except Federal Em-  
ployees—Non-Residents Included—  
Single Men Allowed \$1,000 and  
Married Men \$2,000.

By Telegram to The Freeman.

Albany, May 16.—Practically all arrangements have been made by State Comptroller Travis for the collection of the state income tax, expected to net the state treasury about \$40,000,000 annually through payment by nearly 500,000 persons of a graduated scale tax on incomes ranging as low as one per cent on \$1,000 a year for single persons to three per cent on incomes of over \$50,000, married persons are taxed on incomes over \$2,000. Federal employees are the only persons exempt under the new law, which received Governor Smith's approval last night. State employees, exempt under the federal income tax, will have to pay a state tax and even non-residents will be called upon to help swell the state's depleted treasury.

Unlike the federal statute, the entire net income of non-residents earned in this state is taxable and their employers are charged with the duty of withholding 2 per cent of salaries of over \$1,000.

All returns must be made to the state comptroller on or before March 15, next the same date on which the federal tax is collected. Provision has been made by the comptroller's office to keep everyone's return secret. Corporations are not included in the tax and although partnerships must file a return, they are taxed only as individuals.

### GENERAL BELIEF IN HONESTY

Something Very Like the Millennium  
Seems to Be Near in Great  
British Metropolis.

How is the sudden trust Londoners have come to exhibit for each other to be accounted for? There is an extreme shortage of copper coins for small change in London, and one man says of his experiences: "On several occasions lately news vendors who have been unable to change silver have said to me, 'Never mind, pay me the next time you are this way.' Only one of them knew me as a regular customer. Even more unexpected credit than this was offered me at a railway booking office where I tendered a shilling for a two-penny fare. 'I'm short of coppers,' said the girl booking clerk, 'pay me tomorrow.' 'But I shall not be here tomorrow,' I replied. 'Then pay me the next time you are here, whenever it is,' she said. 'But supposing I forget?' I expostulated. 'Oh, I know that you will come and pay me some day,' she answered. 'I've never known people fail.' Similar testimony is offered by others, who tell of copper credit thrust upon them by strangers, and often very poor and humble strangers.—London Mail.

### Clearing Up After War.

On the banks of the Thames, less than twenty miles from London, there is an American town of the mushroom kind, such as you might find in a new California oil field. Its population consists of more than 200 white men and about 150 negroes. It covers twenty-five acres which nine months ago were fallow grass land. The business of the town is to receive, sort and store war material. There is a street of wooden huts, another of corrugated iron huts, huge iron store-sheds a quarter of a mile long, electric buildings, water supply and electric lights, the whole surrounded by a hedge, a few armed sentries and much mud. All day long the khaki-clad negroes push and haul railway trucks full of war material. War material coming back from Russia is being stored at this camp, also the fittings of the dismantled hospitals which the American army established in England.

### Warmth Increases Oil Flow.

An electrical method of carrying warmth to the bottom of oil wells has been found in many cases greatly to increase the flow of oil. The heating process, says Popular Mechanics Magazine, decreases the viscosity of the oil, usually occasioned by the contraction of air to the well and the cooling of the rock bed. Minute crevices and capillary channels which afford easy passage to warm, this oil become quite impassable if the oil gums. The electric heating method not only thins the oil but often generates gas whose pressure helps the oil to the surface. The system found military use in the abandoned oil fields of Roumania and Galicia.

### What's in a Name?

Most readers are familiar with the story of the German bank in a United States city, finding its name unpopular, changed it to the "German bank." Here is another example on the same lines: A popular New York city German restaurant was called the Klotter Glocke (Clotter Bell), and its front was decorated with a large bell as a sign. The name has been changed to the "Liberty Bell," and the bell of the old moneyer now does duty as a replica of the one which rang out independence to the colonies.

### Point She Noted.

At a movie a young man noticed those near her with her camera, showing her keen observation and interest in the picture. Her next remark came when an empty chairlike pulled by a Japanese couple came down the street and stopped before a house. She gazed up in a shrill voice: "He lost his horse."

## FINANCIAL AND COMMERCIAL

By Telegraph to The Freeman.  
New York, May 16.—There was vigorous trading at the opening of the stock market today, with many cross movements in different groups of stocks, the opening transactions being marked by a good deal of extreme movements in a number of issues.

Royal Dutch of New York sold at 113, and 114 at different parts of the crowd at the same time.

There was a wide opening also in Interboro preferred, that stock ranking from 2 1/2 to 2 3/4.

Brooklyn Rapid Transit was in supply, falling 2 points to 26 1/2.

American Inter was strong feature, rising 3 points to 91 1/2.

Baldwin Locomotive was again in demand, advancing 1 1/2 to 102.

Steel common reflected continued absorption and advanced 1 1/2 to 103 1/2.

Keystone Tire was under pressure declining to 98 1/2.

Vigorous trading continued throughout the forenoon, many stocks rising from one to around 5 points.

Baldwin Locomotive was advanced over 2 points to 103.

American International moved up 4 points to 92 1/2.

Royal Dutch New York rose 4 points to 115 1/2.

The railroad stocks also were active, St. Paul common moving up nearly 2 points to 11 1/2.

While the preferred rose 1/2 to 72 1/2 and gains of around 1 point were made in many of the other railroad issues.

The local traction issues were in supply, Interborough preferred dropped to below 21, while B. R. T. fell 2 points to 26.

During the afternoon, the market was firm. Steel common rose one point, while Baldwin reacted one point to 102.

Many of the specialties were active and strong. United States Rubber rose 3 points to 99 and Ajax rose 2 1/2 to 89 1/2.

The shipping shares were in demand. American International selling up to 92 1/2, and Atlantic Gulf to 168.

The oil issues were inactive with the exception of Royal Dutch New York, which rose nearly 4 points to above 110.

The market closed irregular; government bonds unchanged; railroad and other bonds irregular.

## Mrs. Hay Awarded Verdict.

Mrs. Agnes Hay was awarded a verdict of \$487. in her suit against Mrs. Grace Bovee in city court before Judge Schrick and a jury Thursday evening. She sued Mrs. Bovee as administratrix of her brother, John Dunn, deceased. Her brother boarded with Mrs. Bovee and during his illness she cared for him. On account of her services Mr. Dunn who had two insurance policies, one in the Prudential and the other in the Metropolitan Insurance Companies, assigned the policies to Mrs. Bovee. She agreed shortly after Mr. Dunn's death to sign over the Prudential policy to Mrs. Hay. As she failed to keep her contract, Mrs. Hay sued. At the close of the evidence Judge Schrick ruled there were no facts to submit to the jury and he directed the jury to bring in a verdict for the sum mentioned for the plaintiff. The contract was not denied by Mrs. Bovee. Mrs. Hay was represented by George Kaufman and John Eckert, while Milton O. Auchmoody and W. H. Grogan appeared for Mrs. Bovee.

## FORSYTH &amp; DAVIS GARAGE ANNEX

The rapid growth of the Forsyth & Davis Motor Car Company within the past few years has made it necessary for that firm to erect an annex to their sales and service garage at 113 Green street.

The new building is a frame structure and is located a short distance from the rear of the main garage. It has a capacity for housing 20 cars. With the exception of the laying a concrete floor, work on the annex was completed about a week ago. The floor will be laid in the near future.

"The idea," said Roy Sutcliffe, manager of the firm, "is to make a real show room of the main floor of the garage on Green street. At present we are cramped for room. We have had to use the show room in the main building for storage purposes. Now we can devote this entire space to the display of Franklin, Lexington, Velle and Chevrolet cars. The new garage will use solely for storage purposes."

The Forsyth & Davis Company moved from their Main street garage to their present location about five years ago, erecting a modern building for automobile sales and service. Their aim has always been efficient service. The floor below the street level is used for the service department. The main floor had been devoted entirely to storage and display.

Was Last Polish King.

In 1795, on the 11th of April, Stanislaus Poniatowski, the last king of Poland, died. Poniatowski ascended the Polish throne in 1764. The condition of Poland required a strong man on the throne to keep the country from ruin, and Stanislaus lacked the necessary strength and statesmanship.

Russia, Prussia and Austria divided this kingdom among them and the deposed king retired to Petrograd on a pension, where he died in 1795.

Clown and Pantaloon.

According to a little book on symbolism which Lady Glenconner had privately printed for her friends, the harlequinade is of sacred origin: The oracles through which the harlequin (who is the Unknown) and columbine (the Soul) pass are the tribulations of the spirits in the material phase of existence. The clown represents the world and the pantaloon the body. Possibly, many clowns and pantaloons all over the country are unaware of this.
